SUBJECT: **REVIEW OF THE COUNTY TREASURER'S STATEMENTS OF NET  
POSITION FOR THE QUARTER ENDED DECEMBER 31, 2013**

California Government Code Section 26920 requires quarterly reviews of each county treasurer's Statements of Net Assets (i.e., Statements of Net Position) in the county treasury. We contracted with an independent Certified Public Accounting firm, Bazilio Cobb Associates, PC (BCA), to review the County Treasurer and Tax Collector's (TTC) Statements of Net Position for the quarter ended December 31, 2013. BCA conducted the review in accordance with the Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. BCA also performed several agreed-upon procedures, primarily in the areas of cash and investment reconciliations.

BCA's review report (Attachment I) indicates that they are not aware of any material modifications that should be made to the Statements of Net Position in order for them to be in conformity with accounting principles generally accepted in the United States of America, with the exception of TTC management not including certain risk disclosures required under Governmental Accounting Standards Board Statement No. 40. TTC management elected to omit the risk disclosures since they are not required by California Government Code Section 26920, and are not necessary to meet the objectives of the users of the quarterly Statements of Net Position. TTC provides the full risk disclosures in the annual audit of the Treasury's financial statements.

BCA's agreed-upon procedures report (Attachment II) indicates they performed the following procedures:

1. Obtained TTC's bank reconciliations at December 31, 2013, verified that the bank accounts were reconciled to TTC's accounting records and confirmed the TTC's cash held by banks. Tested the mathematical accuracy of the reconciliations and traced material reconciling items to supporting documents.
2. Obtained TTC's reconciliations of investments and other safekept securities at December 31, 2013, verified that the investments recorded in TTC's records were reconciled to TTC's custodial bank and confirmed investments held by TTC's safekeeping agent and other custodians at December 31, 2013. Tested the mathematical accuracy of the reconciliations, and traced material reconciling items to supporting documents.
3. Obtained TTC's reconciliations of cash and investments at October 31, 2013, November 30, 2013, and December 31, 2013, and verified that cash and investments were reconciled between TTC's records and Auditor-Controller's records pursuant to Government Code Section 26905. Tested the mathematical accuracy of the reconciliations and traced material reconciling items to supporting documents.
4. Agreed the amounts reported on the Statements of Net Position at December 31, 2013, to TTC's records.

BCA's agreed-upon procedures report did not identify any exceptions.

Please call me if you have any questions, or your staff may call Robert Smythe at (213) 253-0101.

## INDEPENDENT ACCOUNTANT'S REVIEW REPORT

The Honorable Board of Supervisors of the  
County of Los Angeles, California

We have reviewed the accompanying statements of net position of the Los Angeles County Treasurer and Tax Collector (the "Treasury") as of December 31, 2013. A review includes primarily applying analytical procedures to the Treasury's financial data and making inquiries of the Treasury's management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the statements of net position as a whole. Accordingly, we do not express such an opinion.

The accompanying statements were prepared to present the statements of net position of the Treasury pursuant to the regulatory provision described in Note 1, and are not intended to be a complete presentation of the Treasury's net position.

Management of the Treasury is responsible for the preparation and fair presentation of the statements of net position in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the statements of net position.

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements. We believe that the results of our procedures provide a reasonable basis for our report.

Based on our review, with the exception of the matter described in the following paragraph, we are not aware of any material modifications that should be made to the accompanying statements of net position in order for them to be in conformity with accounting principles generally accepted in the United States of America.

As explained in Note 1 to the statements of net position, management has not presented the risk disclosures required under Governmental Accounting Standards Board Statement No. 40, *Deposit and Investment Risk Disclosures – an amendment of GASB Statement No. 3* since such disclosures are not required by the California Government Code Section 26920 and are not necessary to meet the objectives of the users of the statements of net position.

This report is intended solely for the information and use of the members of the Board of Supervisors, Treasury and Auditor-Controller management of the County of Los Angeles and is not intended to be and should not be used by anyone other than these specified parties. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

**LOS ANGELES COUNTY TREASURY  
NOTE TO STATEMENTS OF NET POSITION  
DECEMBER 31, 2013**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Financial Reporting Entity

The Los Angeles County Treasurer and Tax Collector (the "Treasury") is responsible for tax collection, banking, investment and accountability of public funds. The Treasury maintains two investment portfolios, the External Investment Pool portfolio (the "Pool") and the Specific Purpose Investment ("SPI") portfolio with approximately \$25.94 billion and \$129.64 million, respectively, in total net position as of December 31, 2013. The Pool is managed by the Treasury on behalf of the Pool participants that include the County and other entities that are required by State statutes to participate in the Pool such as, local school districts, community colleges and the Superior Courts. Voluntary participants in the Treasury consist of the Sanitation Districts, the Metropolitan Transportation Authority, the South Coast Air Quality Management District, and certain other municipal agencies. The deposits held for these entities are invested in the Pool and SPI portfolios. The Treasury also maintains Other Specific Investments totaling approximately \$302 thousand at December 31, 2013. These assets are held by the Treasury for a County Department in accordance with Section 1300.76.1, Title 28, California Code of Regulations ("State Code"). The State of California allows the Board of Supervisors (the "Board") the ability to delegate the investment authority to the Treasury in accordance with Section 53607 of the California Government Code. On an annual basis, the Board delegates the investment authority to the Treasury. The Pool is not registered with the Securities and Exchange Commission ("SEC") as an investment company.

Financial Statement Presentation

The accompanying statements of net position were prepared on the accrual basis of accounting. Investments are reported at fair value, which is based on quoted market prices. Investment transactions are recorded on the trade date. Deposits and investments held by the Treasury are exposed to risks such as credit risk, concentration of credit risk, custodial credit risk, and interest rate risk. Treasury management has elected to omit risk disclosures required by Governmental Accounting Standards Board ("GASB") Statement No. 40, *Deposit and Investment Risk Disclosures - an amendment of GASB Statement No. 3*, since such disclosures are not required by the California Government Code Section 26920 and are not necessary to meet the objectives of the users of the statements of net position.

LOS ANGELES COUNTY TREASURY  
NOTE TO STATEMENTS OF NET POSITION  
DECEMBER 31, 2013

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES  
(CONTINUED)

Cash and Deposits

As of December 31, 2013, the Treasury maintained accounts in six banks. The carrying amount of the Treasury's total deposits in financial institutions was \$450.86 million plus \$90 thousand in cash in the Treasury's vault.

Under California Government Code Section 53652, each financial institution in California is required to pledge a pool of securities as collateral against all of its public deposits. Government Code Section 53651 and 53652 delineates the types of eligible securities and the required collateral percentage of at least 110%, respectively. In addition, under Government Code Section 53653, the Treasury has discretion to waive security for the portion of any deposits as insured pursuant to federal law. Through contractual agreement, the Treasury has opted to waive security for the portion of deposits which is federally insured.

The County's deposits are insured by the Federal Deposit Insurance Corporation (FDIC) up to the legal maximum of \$250 thousand per deposit. The Treasury's banks collateralized all deposits over the maximum insured limit of \$250 thousand.

Treasury's Investment Strategy

The Treasury's investment strategy for the Pool is to ensure the safety of principal, to provide sufficient cash to meet disbursement needs, and to achieve a return. The cash flow needs of the Pool participants are monitored daily to ensure that sufficient liquidity is maintained to meet the needs of participants. The Treasury's basic investment strategy is to buy and hold, to a designated maturity, high quality fixed income investments.

The SPI portfolio is used to account for the net position of individual investment accounts, in aggregate. The related investment activity occurs separately from the Pool and is provided as a service to Pool participants and external investors. The individual investment strategies are based on the requests from the participants.

The Other Specific Investments are used to account for the assets placed with the Treasury pursuant to State Code. The investment activity occurs separately from the County's Pool and the related investment strategies are governed by State Code.

## INDEPENDENT ACCOUNTANT'S REPORT

The Honorable Board of Supervisors of the  
County of Los Angeles, California

We have performed the procedures enumerated below, which were agreed to by the Los Angeles County Auditor-Controller (the "Auditor-Controller") and the Los Angeles County Treasurer and Tax Collector (the "Treasury"), solely to assist you with the requirements of California Government Code Section 26920 for the review of the statements of net position of the Treasury as of December 31, 2013 (the "Statements"). The Treasury's management is responsible for the Statements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and our findings are as follows:

1. Obtained the Treasury's bank reconciliations at December 31, 2013, verified that the bank accounts were reconciled to the Treasury's accounting records and confirmed the Treasury's cash held by banks. Tested the mathematical accuracy of the reconciliations and traced material reconciling items to supporting documents.

*Results: No exceptions were noted.*

2. Obtained the Treasury's reconciliations of investments and other safekept securities at December 31, 2013, verified that the investments recorded in the Treasury's records were reconciled to the Treasury's custodial bank and confirmed the investments held by the Treasury's safekeeping agent and other custodians at December 31, 2013. Tested the mathematical accuracy of the reconciliations and traced material reconciling items to supporting documents.

*Results: No exceptions were noted.*

3. Obtained the Treasury's reconciliations of cash and investments at October 31, 2013, November 30, 2013, and December 31, 2013 and verified that cash and investments were reconciled between the Treasury's records and the Auditor-Controller's records pursuant to Government Code Section 26905. Tested the mathematical accuracy of the reconciliations and traced material reconciling items to supporting documents.

*Results: No exceptions were noted.*

4. Agreed amounts reported on the statements of net position at December 31, 2013 to the records of the Treasury.

*Results: No exceptions were noted.*

We were not engaged to and did not conduct an audit, the objective of which would be the expression of an opinion on the statements of net position. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the members of the Board of Supervisors, Treasury and Auditor-Controller management, and is not intended to be and should not be used by anyone other than these specified parties.
